**THE GAS EQUIPMENT GUILD  
OF DELAWARE VALLEY  
ESTABLISHED 1959**

**GUILD'S OBJECTIVES**

Promote use of gas for industrial, commercial and institutional applications.

Ethically present recommendations for equipment and gas usage in accordance with the "Engineer's Code."

Coordinate promotional, educational and other projects of the gas industry and its customers.

Educate members and customers about gas, its origins, characteristics and applications.

Fuel saving process and comfort heating applications – turnkey or otherwise. Direct gas-fired make-up air units to 125,000 cfm’s. Dual furl indirect fired make-up air units, air rotating systems, door heaters, and portable construction heaters. Air and gas pressure switches. Gas, dual fuel burners for ovens and furnaces. Control Centers, Flame monitoring, and Valves. Gas pressure regulators and meters (in stock). Ovens – gas, oil steam, electric, or combustion, to 1200 degrees F batch, truck, and conveyor for general industrial and pharmaceutical applications. Turbine gas meters, remote readouts and accessories, meter repair and certification. Infrared comfort heaters – vented and un-vented. Install-it-yourself batch oven kits and pre-treatment washers.

**Brand Names:** Bananza Air Management Systems – Antunes Controls - Pyronics, Inc. – Actaris/Schlumberger Industries – Gehrich Oven Sales – IMAC Systems – Maxitrol – Solaronics, Inc. – Rapid Industrial Finishing Systems.

**API Heat Transfer**

Custom chiller systems, packaged air cooled chillers, condensers and condensing units, process shell and tube heat exchangers.

**Bayley Fan**

Axial & centrifugal fans. Hy-blast acentrix & model FH fans.

**Cleanpak International**

Custom air handling units, clean room ceilings, controls, floors & walls.

**Climate Craft**

Custom HVAC systems & air handling units.

**Des Champs Laboratories**

Make-up air, humidity control, energy recovery, air conditioning, hi-temp recovery, process desiccant, dehumidifiers, cooling and solvent recovery.

**Fab -Tech, Inc.**

PSP® PermaShield, Factory Mutual approved stainless steel corrosive fume exhaust ductwork coated with Teflon®.

**Filtrex Division of Steelcraft Corp.**

Fabric dust collectors – pulse jet, reverse pulse jet, cartridge and bag.

**Flexair**

Custom Teflon flex connections and flexible Teflon duct.

**Harrington Environmental Engineering, Inc.**

FRP plastic fans, fume scrubbers, FRP plastic duct work, mist eliminators.

(continued)

**I.C.E., Inc. (US)**

Direct Fired gas, 80/20, indirect fired gas, electric, steam and oil fired make-up air units, air rotation, evaporative coolers and custom air handling units.

**Industrial Air**

Axial & centrifugal fans, fiberglass fans.

**Marlo**

Heat transfer coils, specialty coil systems, modular and custom air handling units and replacement coils.

**Pure Humidifier Co.**

Steam injection humidifiers, electric humidifiers (standard, de-ionized or reverse osmosis water), steam heat exchanger humidifiers.

**Ajax Boilers, Watertube Boilers**

Atmospheric or Power Burners, Hotwater to 350HP, Low Pressure Steam to 350HP, and High Pressure Steam to 300HP

**Autoflame**

Burner management systems

**Cannon Economizers**

Economizers, feedwater heater, inter-cooler

**Cleaver-Brooks**

Packaged firetube, electric, flextube, and watertube boilers. 5 HP-125,000# hr. Oil or gas, Economizers, deaerators, feed systems, oxygen control systems & burners, heat recovery boilers.

**Cleaver Brooks/Coates**

Electric boilers 1.2 - 5,000 horsepower - steam or hot water

**Grund Fos**

Liquid pumps, VFD Pumps, Boiler Feed water, and Circulating pumps

**Ray Pak**

Commercial boilers, hot water supply & hydronic space heating. Indoor and outdoor units from 136,000 BTU to 4,000,000 BTU

**Water Technology Div.**

Chemical treatment for boilers, cooling towers, and

wastewater.

**Weishaupt Burner**

Residential to 60,000 MBTU Gas or Oil Burners

**Nebraska Boiler/ERI**

Watertube Boilers to 300,000#/Hour

**Moore Products**

Process automation control systems

**Van-Packer Stacks**

Complete chimney and equipment exhausting Products UL listed

**Land Combustion**

Opacity Monitors, gas analyzers

**Data Pro**

Scada/Data acquisition systems

**Turbo Steam**

50 Kilowatt to 10 Megawatt Turbine Steam Generators

**NATCOM Burners**

20 to 400 MMBTU/HR Ultra Low NOx burners

Manufacturer of gas appliance regulators for domestic, commercial, and industrial needs. Models for both low and intermediate pressure applications.

**Poppet model RV Series** designed primarily for main burner and pilot load applications. **Straight-thru-flow RV Series**, size for size, has the highest pressure drop capacity of any regulator design available. They are best used when supply pressure is low enough to cause concern about capacity. **Balanced valve R, RS and 210 Series** are designed for use with intermediate pressure.

Ideal for applications where supply pressure fluctuates. **Lever acting, lock up 325 Series** is a pound to inches regulator, ideally used to reduce intermediate pressure to a level usable by standard low pressure controls. **Selectra**, electronic gas flame modulation systems for atmospheric, infrared and both direct and indirect fired burners.
